smart picture hanging system

Quality and Innovation

Hang It Up Systems distributes only high quality products that are manufactured under strict supervision. Many of the products that Hang It Up Systems offer are international award winners. Hang It Up's systems are the product of choice for homes, offices, universities, museums, art galleries, and government institutions.

Product Description

The patented minirail system is the thinnest and most innovative picture hanging systems in the world. The rail, which is available in white or a natural aluminum colour, is only 16mm wide and perfectly blends in with your interior. The minirail system is very easy to use. Installing, using the specially developed minirail clipscrew, couldn't be simpler.

Application

If you want an elegant, barely visible hanging system, the minirail system is your best choice. The minirail is an elegant rail that attaches to the wall.

Features

- 9mm x 16mm Aluminum rail
- Capable of carrying loads up to 25kg per meter
- Available in white or a natural aluminum colour
